

Maryland Power Plants and the Environment

11th Edition

*A review of the impacts of power
plants and transmission lines on
Maryland's natural resources*

January 2001

Table of Contents

Introduction	1
PPRP's Legislative Mandate and Overview of Activities	1
New Issues	3
<i>Restructuring of the Power Industry</i>	3
<i>Reliability</i>	3
<i>Green Power</i>	4
Electric Power Generation in Maryland	5
Sales and Generation	5
<i>Electric Generating Capacity in Maryland</i>	5
<i>Electricity Distribution</i>	7
Transmission and Power Pooling in Maryland	10
<i>The Role of Transmission</i>	10
<i>Transmission Organizations</i>	12
<i>Open Access Transmission</i>	13
Electric Industry Restructuring	15
<i>Retail Restructuring in Maryland</i>	15
<i>Retail Restructuring and Load Forecasting</i>	19
<i>Demand-side Management Under Restructuring</i>	20
<i>Maryland's Protection from a California-Style Energy Crisis</i>	21
<i>Restructuring and the Certificate of Public Convenience and Necessity (CPCN)</i>	23
Environmental Implications of Restructuring	25
Overview	25
Emissions Disclosure	27
Green Power	30
<i>Definition</i>	30
<i>Costs and Availability</i>	30
<i>State Procurement</i>	31
<i>RPS Requirement</i>	32
Environmental Impacts of Power Generation	35
Air Emissions from Power Plants	35
<i>Key Air Quality Terms</i>	35
<i>Emissions Trends: Traditional Power Plant Air Pollutants</i>	37
<i>Toxic and Hazardous Air Pollutants</i>	42
<i>CO₂ and Other Greenhouse Gases</i>	44
Water Supply Impacts	47
<i>Water Needs and Sources</i>	47
<i>Cooling Water Intake and Discharge Impacts</i>	49
<i>Ground Water Use and Impacts</i>	51

<i>Biological Impacts</i>	53
<i>Hydroelectric Facilities</i>	54
<i>Transmission Line and Pipeline Rights-of-Way</i>	60
<i>Rights-of-Way Maintenance</i>	61
<i>Maryland Biological Stream Survey (MBSS)</i>	63
<i>Deposition Impacts</i>	65
<i>Noise Impacts</i>	68
<i>Radiological Impacts</i>	70
<i>Calvert Cliffs Nuclear Power Plant</i>	70
<i>Calvert Cliffs License Renewal</i>	72
<i>Peach Bottom Atomic Power Station</i>	73
<i>Update on Natural Resource Issues</i>	75
<i>Atmospheric Deposition to the Bay</i>	75
<i>Nitrogen Transport and Deposition</i>	75
<i>Transport and Deposition of Metals</i>	78
<i>Possible Future Mitigation Efforts for Atmospheric Deposition</i>	80
<i>Smart Growth and Energy</i>	81
<i>Smart Siting</i>	81
<i>Transmission Line Data Base</i>	82
<i>Conserving Biodiversity Through Integrated Assessments —</i>	
<i>Biodiversity Hotspots</i>	84
<i>Biodiversity Conservation</i>	85
<i>Landscape Analysis</i>	86
<i>Integrated Indicators of Ecological Condition</i>	88
<i>Ozone and NO_x Issues</i>	89
<i>New Ozone NAAQS</i>	89
<i>NO_x Regulations Affecting Maryland Power Plants</i>	90
<i>Recent Ozone Issue Studies</i>	91
<i>Power Plants and Climate Change</i>	93
<i>Impacts to Global Climate</i>	93
<i>CO₂ Control</i>	94
<i>Maryland and Climate Change</i>	94
<i>GHG Action Plans and Mitigation Efforts</i>	95
<i>Coal Combustion Product Management</i>	96
<i>Environmental Effects Analysis</i>	97
<i>Outreach Efforts</i>	98
<i>AMD/CCP Initiative</i>	99

Appendix A: Determinants of Electricity Demand Growth in Maryland

Appendix B: Internet Resources

The Power Plant Research Program (PPRP) was established in 1971 to ensure that Maryland could meet its demands for electric power in a timely manner and at a reasonable cost, while protecting the State's valuable natural resources.

PPRP coordinates the State's comprehensive review of new power plants and associated facilities as part of the state and federal licensing process. The Program also conducts a range of research and monitoring projects on existing and proposed power plants. PPRP publishes the Electricity in Maryland Fact Book, which provides information on power generation and use in Maryland. A bibliography which lists the general and site-specific reports that PPRP has produced since the early 1970s is also available.

If you want more information, or to request a copy of the Fact Book, bibliography, or other reports, contact PPRP at (410) 260-8660, email PPAD@dnr.state.md.us, or visit our Web site at: www.dnr.state.md.us/bay/pprp. References are available upon request for all technical topics discussed in this report.
